SWEDEN'S KING DEAD

Oscar, Venerable Monarch, Obeys Last Summons.

COUNTRY IS BOWED IN GRIEF

Surrounded by Members of His Family and High Ministers of State, the Inevitable End Came—Crowds Stood Outside Palace Bemoaning.

Stockhold, Dec. 10.—Oscar, king of Sweden, died at 9:10 o'clock Sunday morning. The death of the venerable monarch occurred in the royal apartments of the palace, where, surrounded by the members of his family, including the aged Queen Sophia and the crown prince, Oscar Gustave, and high ministers of state, the inevitable end had been awaited, while outside the palace great crowds stood with bowed heads and tearful eyes long after the announcement came of the death of their well-beloved sovereign.

The whole country is bowed with grief, for King Oscar was something more than a ruler of his people, and had endeared himself to them as an intimate and personal friend.

Succession to the Throne.

The succession to the throne of Sweden now passes to Oscar Gustave Adolphe, duke of Vermland, the oldest son of the late king. At a meeting of the council of state the new king took the oath of allegiance un-

KING OSCAR II. OF SWEDEN.

der the title of Gustave V, and adopted the motto, "With the People for the Fatherland." The prince then took an oath of allegiance, and the new monarch accepted the homage of the state officials.

The last hours of the expiring monarch were passed in unconsciousness, and up to the end he gave no sign of recognizing those about him. The queen was grief-stricken because he could not bid her farewell. All through Saturday the king had remained in a comatose condition. At times there were faint signs of conscious perceptions as the attending physicians brought some temporary relief to the patient sufferer; but their ministrations were without avail, and they held out no hope beyond a promise to keep the spark of life burning for yet a few hours.

King Oscar was called the ablest ruler of the nineteenth century, and the most democratic king that ever lived. He never made any attempt to conceal the humble origin of his family, and whenever he traveled to the south of France he made it a point to visit the little house at Pau, where his grandfather was born.

The New Ruler of Sweden.

Gustave, the new ruler of Sweden, was born in the castle of Drottning holm. Immediately after his birth he was made duke of Vermland. He pursued his studies from 1877 to 1878 at Upsala. In 1879 he traveled abroad, visiting most of the countries of Europe. In 1881 he returned a second time to the university of Upsala.

He entered the army in 1882. In 1892 he was given the rank of major general lieutenant. In 1896 he received the appointment as inspector of the military schools, and in 1898 he was made a full general. Between the years 1884 and 1891 Gustave filled the office of vice king of Norway. As a result of Gustave's position and strength, effort to hold the Swedish-Norwegian union together, he earned the enmity of the radical majority in the Norwegian storthing, and in retaliation the storthing took away from him a yearly appanage amounting to $12,500.

Gustave's other two children are Willhelm, duke of Soedermanland born June 17, 1884, who visited the United States last summer, and Erich, duke of Westermanland, born April 20, 1889.

KILLED WIFE, THEN SELF.

Tragedy Occurred at Home of Negress at Nashville.

Nashville, Tenn. Dec. 10.—Frank Click, a machinist, 25 years of age, shot his wife, Mrs. Ruth Click, three times, one bullet piercing her heart, killing her instantly. He then shot himself through the head, and lies dying at the city hospital.

The tragedy occurred on Bilbo avenue, in the home of a negress, where Mrs. Click had taken refuge, the murdered woman falling across a bed in the room. A portion of Click's brains were scattered upon the floor where he fell. Domestic troubles are assigned as the cause of the tragedy.

Mrs. Click was an unusually handsome woman, about 23 years old, and had been divorced from a former husband. She and Click were married last July, and went to Memphis to live. She returned to Nashville some two weeks ago, going to the home of her father, W. N. Bilbo, a wealthy real estate owner.

Click returned, and at his request Mrs. Click met him Sunday afternoon on Bilbo avenue, near the scene of the killing. After a brief conversation with him she suddenly ran, with Click pursuing her. Her flight ended in the rear room of the dwelling of Sallie Hughes, negress and there, with no witnesses, the shooting occurred.

FIRE AT CONYERS, GA.

Loss Amounts to $16,000, with $6,000 Insurance.

Conyers, Ga., Dec. 10—Conyers was visited by a destructive fire Sunday morning at 11 o'clock. Dr. Lee & Sons' large drug store was burned to the ground. It was the largest drug store between Atlanta and Augusta.

Everything was lost that was substantial. The loss amounts to $16,000 with $6,000 insurance.

The Rockdale Banner office was also burned, the press and everything being consumed. Their loss amounts to $1,000, with insurance of $500.

H. A. Parker's shoe shop was a total loss. This was all in the same building.

The supposition is that the fire was caused by rats. The Conyers bank came very near being burned. It caught on top, but was soon extinguished. The Georgia railroad depot caught several times, but was put out. It seemed for awhile as if the whole business part of the town was going to be burned.

SEVEN MEN DROWNED.

Disastrous Collision Between Dutch Steamer and British Bark.

London, Dec. 10.—Heavy gales in the channel and the dislocation of the cross channel traffic resulted in a disastrous collision off Folgstone Sunday morning between the Dutch steamer Scheldestrom and the British bark Fortarshire.

The Schneldstrom was badly damaged, and was beached. The captain of the Dutch vessel, together with ten of the crew, entered a boat which was driven on the rocks and wrecked. Seven of the men, including the captain, were drowned. Those who remained aboard the steamer were saved. The Fortarshire was able to proceed on her journey.

Left Stenographer $100,000.

Minneapolis, Minn., Dec. 9.—The will of George M. Porter, who died a short time ago, was filed for probate here Saturday and by its terms Miss Stella M. Bichen, who was his stenographer, receives $100,000 in stocks and bonds. The rest of the estate, which amounts to about $150,000, is given to the widow, Dessie S. Porter, and a daughter, Mildred Jane Porter, gets $1,000, which the will states is a proof of affection merely, because she will have enough coming to her without that bequest.

REPORT ON COTTON

Number of Bales Ginned Up to December 1.

CENSUS BUREAU'S BULLETIN

According to the Report 8,338,854 Bales Have Been Ginned Up to Dec. 1st, as Compared with 10,027,868 for the Same Period Last Year.

Washington, Dec. 9.—The census bureau has issued a bulletin showing that the total cotton crop of this year's growth ginned up to Dec. 1, was 8,338,854 bales as compared with 10,027,868 bales for the same period last year, and 8,679,623 in 1905. Ginneries in operation numbered 26,876.

In this bulletin round bales are counted as half bales.

The statistics of cotton ginned Dec. 1, include 151,311 round bales for 1907; 227,145 for 1906, and 239,770 for 1905.

The number of sea island bales included is 55,141 for 1907, 41,250 for 1906 and 81,695 for 1905.

The distribution of sea island cotton for 1907 by states is: Florida 19,696, Georgia 27,738, South Carolina 7,707.

There were ginned 7,300 bales to Nov. 14 last. The per centage of crop ginned to Dec. 1, in 1906 was 77.2 and in 1905, 82.8.

SITUATION AT GOLDFIELD.

Sufficient Number of Men Now Under Guard to Work Mines.

Goldfield, Nev. Dec. 10.—An authoritative statement was made Sunday night that sufficient men are already under guard to work the mines, beginning Wednesday. The total number of those that have been quietly brought in and those who have secretly made application to return to their former positions is placed at 1,000. There are about 1,500 Western Federation men out.

The men who take the places of the strikers are not to be housed at the mines, but will be scattered through the camp and protection for each individual will be guaranteed by the Mine Owners' association.

Two propositions have been positively decided upon, the making of an open camp for all time and the early lowering of the wage scale. At the same time, the Mine Owners' association is going to begin a vigorous crusade to lower the cost of living in Goldfield. The scope of the Mine Owners' association is to be greatly enlarged by the organization of the Nevada Mine Owner's association, of which the Goldfield Mine Owners' association will be a part. The new organization is already well under way. The announcement of the determination to open the mines on Wednesday, is to be made Tuesday at noon by the Goldfield Mine Owners' association and it is expected that some trouble may ensue.

Fatal Auto Accident.

New York, Dec. 10.—An unmanageable auto backed over an embankment onto the New York Central railroad tracks near Mount Hope on Sunday, and overturned, killing Miss Carrie Clark, of this city, and slightly injuring William O'Hallahan, manager of a garage, and F. Burdock, the chauffeur.

Found Dead in Bed.

Birmingham, Ala., Dec. 10.—Clarence B. Irvine, a well known young man of Bessemer, was found dead in bed Sunday by his roommate. His mouth was terribly burned and a bottle of carbolic acid was sitting beside the bed. He came to Bessemer some time ago from Ohio and had been employed as a watchmaker in one of the jewelry stores.

Fatal Boiler Explosion.

Mexico City, Dec. 10.—Five persons were killed and ten seriously injured in a boiler explosion near Merida. The explosion occurred on the Chunchumil hacienda, the property of Rafael Peon. Carelessness on the part of an engineer, who was among the killed, is said to have caused the accident.

HER REMARKABLE CAREER.

Daughter of Iron Manufacturer Proposes to Become Farmer.

Chicago, Dec. 10.—The announcement that Mary Josephine Crane, daughter of the iron manufacturer, C. I. Crane, intends to become a farmer is received with much interest by her relatives and intimate friends in Chicago.

Miss Crane, who is 20 years of age, is about to finish a three-years' course in agriculture in the university of Wisconsin at Madison, which she has attended three years. Her proficiency as a student has attracted favorable attention from the members of the university faculty and students, more particularly because Miss Crane has been deaf and dumb from birth.

Miss Crane is a lover of athletics and has attended all the big foot ball games at Madison this session. Miss Cain acts as an interpreter and when necessary accompanies Miss Crane into the class room and takes notes for her, although the latter can understand almost every word of a speaker by watching the motions of the mouth. She attends all sessions and has not yet failed to pass with high grades in her studies.

Miss Crane has made a special study of how to diet sheep and care for their wool. Among other accomplishments Miss Crane is a horsewoman of grace and daring. She also has studied art with both brush and pen.

Recently Miss Crane's father gave her a farm near the Crane summer home at Lake Geneva. She intends personally to direct the work there next summer.

MRS. TAFT DEAD.

Mother of War Secretary Has Passed Away.

Milbury, Mass., Dec. 10.—Death, which has been expected almost hourly for a week, was announced Sunday morning at 12:20 o'clock from the bedside of Mrs. Louisa Maria Taft, mother of William H. Taft, secretary of war. Mrs. Taft was the widow of Alphonse Taft, secretary of war and attorney general of the United States under President Grant, and later minister to Austria and Russia.

Mrs. Taft was attacked last July with acute indigestion, and a gradual breakdown of her vigorous constitution soon followed.

Secretary Taft had visited her on Independence day, and left her apparently in normal health to go to his summer home in Canada, from which place he was summoned on August 15, because of his mother's condition. He spent a day at her bedside, and found her in a less dangerous condition than he had supposed. The imperative duties of his office called him to Washington where plans for a tour of the world had been so definitely arranged that they could not be changed, and as his mother was reported as rallying in strength, he proceeded to carry out his program.

Secretary Taft is now on his way to America from his tour abroad.

KAISER IN LONDON TOWN.

He Lunched with King Edward at the Buckingham Palace.

London, Dec. 10—Emperor William of Germany, who has completed his rest-cure at Highcliffe castle, arrived in London Monday for three days of sightseeing. He lunched with King Edward at Buckingham palace at noon and later took up his residence at the German embassy, where he will stay until Wednesday. The emperor looks to be in splendid health.

On Wednesday Emperor William will here for home. It is his intention to visit Queen Wilhelmina in Holland on his way back to Potsdam.

Investigating Work of Night Riders.

Hopkinsville, Ky., Dec. 10.—State Fire Marshall Mott Ayers is investigating the burning of tobacco houses by "night riders" early Saturday morning. Important clews are said to have been discovered that may lead to the arrest of members of the mob. Company D, Third Kentucky regiment, is guarding the city. Unverified reports have been received that two men were killed in Trigg county by Hopkinsville citizens who pursued the "night riders."

HAD NARROW ESCAPE

Members of Taft Party Tossed by Severe Storm.

WERE CAUGHT IN HEAVY SEAS

Tender Upon Which They Were to Board the President Grant Is Tossed Like a Cork by Big Waves.

On Board the Steamer President Grant, in the English Channel, Wireless Telegraph to London, Dec. 10.—Mrs. Taft, wife of the secretary of war, joined her party on board this steamer early today at Boulogne. On the trip from the harbor tender the party had an exceedingly narrow escape from loss and disaster.

Mrs. Taft, Mrs. George Post Wagoner, wife of the second secretary of the American embassy at Tokio, and the other passengers for the President Grant, boarded the tender Holland at Sunday night within the harbor works at Boulogne. Very heavy seas were running outside and these delayed the departure of the tender, but at 1 o'clock Monday morning it being supposed that the President Grant was in the breakwater, the Holland started to take the passengers aboard. But after leaving it was discovered that the President Grant had not reached side. The Holland got caught in the heavy seas. A giant wave broke the rudder and the small tender rolled heavily in the darkness. She was tossed about on the waves like a cork and rolled almost on her beam ends.

There was danger of capsizing and being dashed upon the rocks. The passengers were thrown about in every direction.

Mrs. Taft and Mrs. Wheeler were crouching in the captain's cabin when some fixtures above them came down with a crash. Fortunately, they were not injured.

Near the lighthouse the Holland managed to get a grip with an anchor and this improved the situation.

Repairs were hurriedly made and the President Grant came in sight and the passengers from the Holland were transferred without further accident.

Among those who came off the Holland were M. Rischmann, the prefect of Boulogne, who greeted Secretary Taft in the name of France. The sub-prefect expressed his regret at the ill-timed start of the Holland.

BICYCLISTS INJURED.

Riders Collide in International Day Bicycle Race.

New York, Dec. 10.—During a terrific sprint in the six-day bicycle international six-day bicycle race, Harry Reynolds and James Moran, the Irish-English team, collided with each other collided and both were so badly injured that they were forced to continue.

Reynolds suffered from a severe contusion of the left foot. Moran was bruised about the body and lower limbs.

The sprint was started by Moran closely pressed by Foster and Wilcox. A wild burst of speed followed and Reynolds fell. The result was that Wilcox, Lawson, Gaston and Moran each lost one lap and Reynolds lost two laps.

All the remaining contestants on Monday morning had covered 1,000 miles.

Mysterious Killing at Spokane.

Spokane, Wash., Dec. 10.—Charles Schultz, a Spokane Traction company motorman, was shot and killed Monday morning in a house which the police have arrested him. The motorman's dead body, clad in his night robes, was found on the floor. The light was burning in the room were evidences of a struggle.

Zulu King Surrenders.

Pietermaritzburg, Natal, Dec. 10.—Dinuzulu, the Zulu king who was held responsible for the recent disturbed situation in Natal, has surrendered. A magistrate had been sent to arrest him with a warrant for his arrest.

MR. OLIVER IMPROVES.

Writes The Sun in Glowing Terms of the St. Marks Country.

The Sun is in receipt of an interesting letter from P. M. Oliver, who left here a few weeks ago for St. Marks, on the Gulf coast, for his health.

Mr. Oliver asks that The Sun be continued to his address, stating that he would be lost without it, and writes the following, which will prove of interest to his friends here:

"Believing I would die if I did not make a change, I packed up my camp tools and tent and came over here about ten days ago, and oh, my! how sick and weak I was—not able to sit up. Since my arrival I've read so many letters from old Gainesville friends asking about my physical condition, I've decided to give all my friends a brief answer through your valuable paper. (The brightest, newsyest and best interior daily by far in the State). In making the change I had in view my health, a visit to my relatives and shooting ducks and geese, and other game as soon as my health inproved and I regained sufficient strength. Glad to state that I am very much improved. If kind, affectionate attention and the best eating on earth amounts to anything, I ought to get as fat as a pig. But you know it's a difficult task to fatten an old hog. Down here everyone takes his gun along, and they bring in strings of ducks, the finest, fatest geese, squirrel, venison, fish and oysters.

"Quite a number of special cars filled with sportsmen are side-tracked, and, in chartered boats, off they sail for old ocean in search of fish and oysters.

"Hon. Clay Crawford, Hudson Burr and others made me a pleasant visit last week, and I look for other old friends from Tallahassee and other parts this week, to join me in shooting.

"St. Marks is one of the oldest towns in Florida, and the old St. Marks & Tallahassee railroad is the first ever built in the State. Situated at the junction of St. Marks and Wakulla rivers, they open up a full view of old ocean and the light house. The sunsets are grand as 'Old Sol' sinks behind the rolling waves of the Gulf of Mexico; and he finally dips his head behind some huge wave with a 'nod,' bidding terra firma good night.

"I bid you and my old Gainesville friends an affectionate good night."

'Possum and Turkey Supper.

The S. J. Thomas Company, with a heart full of friendship to the business men of the city, have decided to give a 'possum and turkey supper at their store this evening at half past 8 o'clock, to which the merchants have been invited. Good old hot 'possum, prepared in the old-fashion style, will be served, and the same may be said of the turkey. It goes without saying that the affair will be one thoroughly enjoyed by those who are fortunate enough to attend.

W. M. JOHNSON, Druggist
Gainesville.

IN THE MAYOR'S COURT.

Several Offenders of Municipal Law Got Their Doses Tuesday.

Several offenders of the municipal statutes got their dose Tuesday morning, when the municipal judge—the Hon. Mayor Thomas—occupied his chair in the city court.

John Montgomery, D. Cooper and John Bishop, hackmen, have been insisting on going over the lines at the Seaboard Air Line depot, notwithstanding the fact that they were aware that it was against the law. They were arrested, and in this court were fined $2.50 and costs each.

Oscar Bridges toted a "big old gun," being a 32 with a long barrel. It was taken from his "pistol" pocket, and he was assessed a fine of $25 and costs.

Fletcher DuBoer and Solomon Welsh were fined $2.50 each for being intoxicated and disorderly. The evidence showed that they wanted to fight.

Hattie Givens and Ella Adams were arraigned for scrapping, and were fined $10 and costs each.

For driving a hack without a light Rex Ross, a well-known colored hackman, was fined $1 and costs.

WILL TALK TO COMMISSION.

Board of Trade Sends J. H. Jarvis to Talk to Railroad Commission.

J. H. Jarvis left Tuesday afternoon for Tallahassee, where he went on important business connected with the city.

Mr. Jarvis will appear before the Railroad Commission in the matter of the union depot for Gainesville. It appears that petitions have been presented signed by divers parties stating that a union station is not desired and is not needed for Gainesville, and that same was presented under direction and influences not best for the interest of the city. For this reason it is said that the matter has been delayed, and Mr. Jarvis, who represents the Board of Trade and the city, will appear in behalf of the business interests of the city.

It further appears that this petition has been signed by people who have not the business interests of the city at heart, as a rule. The petition asking that a union station be erected was signed by the representative business men of the city.

SHOOTING TOO PROMISCUOUS.

Negroes Shoot and Raise Disturbances in the Northwest.

Complaint has been made from various citizens of the northwestern section of the city, in the vicinity of West Church and North Arredondo streets, of the boisterous acts of the colored people of that section.

It is stated that these people are boisterous by singing, shooting, and in other ways, and it is suggested that an officer should be detailed to look after them.

It is understood that the present night officer, Mr. Kite, is unable to cover this field, as Mr. Kite has been instructed not to leave the square. Under these conditions it is up to the City Council, or to the police committee, to protect the people of the city outlying from such nuisances.

What's

Worth doing is worth doing well. If you wish to be cured of Rheumatism use Ballard's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by W. M. Johnson.

OLD LAND MARK REMOVED.

The Miller Building, West Union Street, Has Been Torn Away.

The old wooden building known as the Miller building, which has done service for many years to the mercantile interests of Gainesville, has been removed, and by this removal the last of the old land marks, as far as business houses is concerned, is gone.

This old building, which was partially destroyed by fire a few months ago, while occupied by H. J. Dempsey as a second-hand furniture and repair shop, could speak volumes when it comes to the commercial history of the town. Erected about thirty years ago, it has stood an imposing structure, smiling over the advancement of the city, as a parent watches over the destinies of his growing child. It is said that fortunes have been made within the walls of this antique wooden structure, while on all sides buildings have been destroyed and replaced with new and modern structures.

With the removal of this building the last of "Old Gainesville" has passed away.

Mothers' Meeting.

Owing to the inclement weather only a small number attended the mothers' meeting held at the pleasant home of Mrs. Turner of North Gainesville, Monday. But those who went felt that they had spent a very pleasant afternoon, as one always does when at the home of our good president.

The meeting opened with a sacred duet, followed with prayer by Mrs. Turner. Several fine articles were read and a temperance recitation well given by Miss Mattie M. Williams of East Gainesville. But the paper that seemed to touch all hearts was one given by Mrs. Dr. Robb, and written by herself. Her subject was parental influence, and especially the mother in forming the character of the little ones God has given her. She used the beautiful illustration of the sculptor with his block of pure white marble and how much depended on his careful handling of the same, whether it grew into a beautiful work of art or a miserable failure. The thoughts drew from it were indeed helpful. She also spoke of Christian motherhood as the crowning glory of woman, and in such earnest tones that one could see a reflection of it in her face and the thought came to me: how good that one who comes into our homes to heal our physical infirmities can also give us helpful words for both mind and soul.

We beg the mothers and all good women to come and help us to make these meetings a help to many.

BY ORDER OF PRESIDENT.

Off to Conference.

Rev. T. J. Nixon left Tuesday for Tampa, where he will attend the meeting of the conference of the Methodist Episcopal Church, South, which will convene in that city today.

Mr. Nixon is a man of great influence and power in his profession, and has made a great success here as a pastor. He has been here for three years, and his congregation trusts that he will be returned for the limit of the last year.

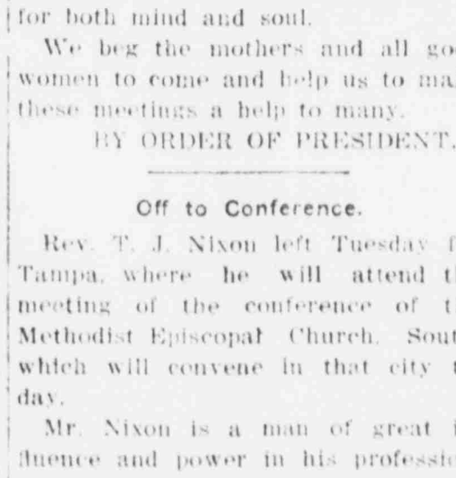
That's It! ! !

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for Coughs, Influenza, Bronchitis and all Pulmonary diseases. One bottle will convince you—at your druggist's 25c, 50c, $1.00. Sold by W. M. Johnson.

Notice.

Mr. H. F. Spence is no longer with me in my quick lunch and oyster parlor, but my patrons will receive the same courteous attention and service as heretofore.

T. T. RUTHERFORD.



THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short ti—

BALTIMORE & OHIO RAILROAD.

Trains Now Enter the Union Station in Washington.

The Baltimore & Ohio railroad has an advertisement in this issue, to which the attention of the traveling public is invited. The Baltimore & Ohio is now running into the new union station in Washington, which will prove a great benefit and convenience to the traveling public from the South.

The Baltimore & Ohio is one of the leading and most popular transportation lines in the South, and has enjoyed a good traffic for a long time. Those visiting the North will be pleased now to learn that they will have no transfers to make in Washington, "the turning point," and that they may be transferred to all points in the country without inconvenience.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

DR. C. B. STROUSE IN JACKSONVILLE

Delivered a Fine Sermon at Congregational Church.

PREACHED ON FORGIVENESS

In Which He Dealt With Law of Compensation—The Big Church Was Crowded, and it Was Necessary to for Chairs to Accommodate.

The Times-Union of Monday has the following reference to the sermon of Dr. Clarence B. Strouse, rendered in that city Sunday evening:

"Those who were fortunate enough to secure a seat at the Congregational church last night had the pleasure of listening to a most eloquent discourse by Dr. Clarence B. Strouse. Two years ago Dr. Strouse conducted a series of interesting and fruitful revival services here, and hundreds were anxious to again hear this talented and successful evangelist.

"Before the commencing hour the church was filled and extra chairs were placed in nearly every available space in the church and lecture-room, and these were quickly taken.

Text from Psalms.

"Introduced by the Rev. Dr. Hanscom, pastor of the church, Mr. Strouse took as his text the fourth verse of the Psalm 130: 'There is forgiveness with Thee, O God, that Thou mayest be feared,' saying, in part:

"'The word 'forgiveness' suggests sin, wrong, injury. Sin is a fact, and the results of sin are all about us, and we are at all times conscious of the presence of sin. The law of compensation is a universal law, and the law of cause and effect is the law under which we operate every day we live, and to violate these laws is to incur the penalty therefor, which is suffering. The violation of governmental law is a crime, and the violation of the moral law, the divine law, is sin. Our consciousness of sin rests in our knowledge of right and wrong—the fact that I know the difference between what I am and what I ought to be shows a chasm—the chasm of sin.

"'And so the violation of natural law brings its inevitable consequences, for the law whose fulfillment brings happiness will likewise bring sorrow and sadness for its violation. Now, the spiritual law is the same. If, in the social and moral law we realize that the violation of the law inevitably meets with punishment, why not so in the greater and more powerful realms of man's immortal soul, which deals with destiny?

"But, for every violation of the law, says our text, 'there is forgiveness.' I want to ask you, is it easy to believe in the forgiveness of sin? I tell you no! Men go on sinning and laughing and saying, 'There's forgiveness of sin,' but I want to ask you, how do you know? Is it easy for you to [illegible] on this forgiveness? It is not easy to believe in even the possibility of the forgiveness of sin. Shut out the idea of God, tear down the cross and destroy Moses and the prophets, and I ask you then, is it possible to believe in the forgiveness of sin?

"Some men say that nature is their god, describing this as the peace and love of God. It is true that through nature we may commune with God, but as to true forgiveness—look at the bed of violets, speaking, in their beauty, of the love of God, but come out and see them in the midnight, wilted and worn—is that the love of God? We talk of the revelations of nature, does nature forgive? Is there anything in nature that promises forgiveness? I ask this of nature, and the answer comes back, 'There is no forgiveness from me.'

Must Pay the Penalty.

"Nature forces everyone to pay the penalty for every violation of nature's laws. Sin against your body and the laws of harmony with the [illegible] around you— and will nature forgive? You take a small dose of poison by mistake for a harmless drug, will nature forgive? Will nature deal alone for the error?

"I stand here, confident of forgiveness, with a higher head, and [illegible] faith come from? Some say nature forgives, and the government does not forgive, and yet God is the first to forgive himself would, but he cannot, and does not forgive. Even the governor of the State himself may not forgive indiscriminately, but must exercise clemency only as provided by the laws of the commonwealth. The only thing that keeps society decent today is unforgiveness—society does not dare to forgive; the law of the land does not dare to forgive.

"'We see men, happy in their sins, crying, 'There is forgiveness.' Where did you get that idea? Why will you be forgiven? Do the laws of nature, the social laws and the governmental laws give you any basis for this conclusion? No!

"'Only the word of God holds out any warrant for forgiveness. Violations of law demands penalty, and only by substitution can man be brought into harmony with God. Christ paid the price of violated law, and man has the warrant of pardon.

"'Christ not only stays the penalty, but gives the sinner a new heart; this is the supreme good. Abrogation of penalty makes man no better, but a new nature brings him into right relations with God.'

"The attention of the large congregation was held to the end. Dr. Strouse's delivery is perfect, his manner pleasing and it is hoped that he may often be heard in Jacksonville."

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucous and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed seventy-three worms. Sold by W. M. Johnson.

Three Persons Cremated.

Boston, Mass., Dec. 10.—Three persons were burned to death and [illegible] other injured during a fire [illegible] dead are Mrs. Mary Joubert and her two children, Charles and Emily. Walter Joubert jumped from a window into a blanket, which gave way and his leg was broken by striking the pavement. Later two other men were saved by jumping into life nets. Firemen found the bodies of Mrs. Joubert and her children.

Want Order Modified.

Columbus, Ga., Dec. 10.—The Columbus city council has adopted resolutions requesting the Georgia railroad commission [illegible] ing forbidding the transportation of street cars on [illegible] the city of Columbus and the Columbus Railroad company to arrange [illegible] tation of policemen, firemen and officials of the street car company on the street cars.

OFFICER KILLED BY NEGRO.

Unprovoked Killing of Marshal Brinson at Midville, Ga.

Milan, Ga., Dec. 10.—As a result of the unprovoked killing of Marshal Brinson by a negro Sunday afternoon at Midville, a small village near this place, a [illegible] feeling has been engendered, which may result in further trouble.

The negro who killed Marshal Brinson escaped, and on a call from Midville, the sheriff of the county and a large number of armed men, with bloodhounds, have left for that place on a special train for the purpose of hunting down the slayer.

The negro, it is said, killed the marshal without any provocation. The negro, with others of his race, was on the street and was making a disturbance. The marshal told the negro he must be quiet and ordered him to appear in the city court Monday morning.

As the officer was turning away the negro pulled a pistol, thrust the weapon against the officer's body, and fired three times. One bullet passed through the marshal's body and two lodged in his abdomen.

The officer fell to the sidewalk and died almost instantly. So close was the negro's pistol to Marshal Brinson's body that his clothing was set on fire by the shots.

Marshal Brinson was a popular officer, and there is bitter resentment because of his murder. Cool heads, however, are working to prevent trouble.

NEW CURE FOR STOMACH.

J. W. McCollum & Co. Give The Sun Readers a Chance to Try It.

Since nobody knows when, people have suffered from indigestion, sick headaches, bloating, dizzy spells, distress after eating, sleeplessness and the many other symptoms of stomach trouble and have found the usual remedies powerless.

Here is a chance for The Sun readers who may suffer with weak stomach to test without risk of loss the new prescription, called Mi-o-na, for indigestion that has met with great success wherever it has been tried.

This treatment, which strengthens the whole digestive system so that the stomach does its work without any distress, is sold by J. W. McCollum & Co. under a guarantee to refund money if the remedy does not do all that is claimed for it.

Mi-o-na costs but 50c a box, and one box will do more real good than a dozen boxes of ordinary digestive tablets.

Drowned While Duck Hunting.

Jacksonville, Fla., Dec. 10.—T. F. Bell, formerly of Atlanta, who has been located at Jacksonville for the past nine months as inspector of electric wiring for the Southeastern Tariff association, was drowned in the St. John's river. Bell and two others were duck hunting and while moving about in the boat, Bell fell overboard. The weight of loaded shells, in his coat pockets, kept him from rising and he drowned before being taken from the water. He was 24 years of age.

About Digestion.

It is not the quality of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by all druggists.

To Join Evans' Fleet.

New York, Dec. 10.—The battleship Minnesota, the flagship of the third division of the Atlantic fleet and the only one of the battleships ordered to the Pacific remaining in New York, sailed from Manhattan for Hampton roads to join the rest of Admiral Evans' fleet. [illegible] of officers sent aboard the ship. Such a meeting that it will be many years [illegible] another of the big ships will be seen in New York harbor.

PILES CURED IN 6 TO 14 DAYS.

THE DAILY SUN, 10c a Week

NEWS OF CITY AND COUNTY CONDENSED

Black record carbon typewriter ribbons for legal work for sale at The Sun office.

The Baird Hardware Company have an advertisement in this issue in which they are advertising oil heaters and oil cooking stoves for light housekeeping, from $3.50 to $12. This enterprising firm also carries a full line of the great quick meal gasoline ranges, which will be sold at all prices.

E. Paul Brown, one of the efficient clerks in the United States land office, has returned from Tallahassee and Jacksonville, where he has been in attendance at the United States court in charge of the records. Captain A. Paul, special agent, proceeded from Tallahassee to Montgomery, Ala., where he is now attending the United States court.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung troubles. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiate or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McCollum & Co.

Florida State Teachers' Association, 1907-1908, will meet at St. Petersburg, Florida. Tickets will be on sale at all Atlantic Coast Line ticket offices in Florida December 29th and 30th, with return limit up to January 3rd, inclusive. A rare chance to see Tropical Southern West Coast at the beginning of the winter tourist season. Rates will be one fare plus twenty-five cents for the round trip. Double daily service Pullman cars on day trains and Pullman sleepers on night trains. For further information, or if you are going to travel anywhere, write to or call on A. W. Fritot, Division Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

A. C. L. IN HARD LUCK.

Wrecks Are Numerous, and Causes Great Inconvenience in Schedule.

It seems that the Atlantic Coast Line has been "up to its neck" in trouble within the past few days, to use the expression. The road has experienced all kinds of trouble in the matter of wrecks, but unfortunately no one has been seriously hurt, as far as the report goes.

Saturday afternoon there was a collision between a light engine and the Citra train at a point near Kelley's mill, Prairie Creek. Tuesday there was another accident at the same place, this time being the derailment of a freight train, when a number of cars were overturned and the track blocked, which delayed traffic for several hours. It is supposed that this accident was caused by spreading of the rails, which had just been relaid on account of the collision.

On Monday night the north-bound night train from St. Petersburg had an accident at Center Hill, which blocked the track, with the result that all trains were operated via Newberry and the J. & S.-W. division Tuesday, the service between High Springs and Rochelle being performed by a special engine and coach.

The Citra train, as an extra, doubled back to Burnett's Lake and Jacksonville Tuesday, passing here about 7:30 o'clock.

Compliment to Miss Cheves.

Quite a compliment has been bestowed upon Miss Edna Cheves, this young lady having been awarded on Saturday night a handsome gold watch by the tent show as being the most popular young lady in this city.

The contest was awarded by votes, and Miss Cheves received about 4,000 votes above any other competitor for this honor. She desires through The Sun to express her appreciation to her numerous friends for their interest manifested in her behalf.

Your Hot Pipes

WHEN the heater man put hot pipes through the house in place of stoves he thought it was something new. But nature put hot pipes all through our bodies to keep us warm long, long ago.

Scott's Emulsion

sends heat and rich nourishment through the blood all over the body. It does its work through the blood. It gives vigor to the tissues and is a powerful flesh-producer.

SUNNY FLORIDA THE PLACE.

Former Rocky Point Lady Says It Was Cold in National Capital.

Mrs. G. A. Porter, for a long time a resident of Rocky Point, but who is now in Washington, writes The Sun, renewing her subscription, as follows:

"You cannot imagine how much we miss your paper. We would be lost without the bright rays of The Sun to enlighten our home.

"We had a liberal fall of snow here on the 3rd and 4th inst., and it is very cold now (December 5). It makes one feel like wanting to be in the 'Land of Sunshine and Flowers.'

"All our family are well, and we often think of our Florida friends and wish to be with them."

Mrs. Porter will be remembered very kindly here, and her friends will be glad to learn also that she remembers them.

When to Go Home.

From The Bluffton (Ind.) Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

Expect to Find Oil.

Selma, Ala., Dec. 10.—Most favorable indications of oil have been found in Wilcox county near McWilliams, where a company is sinking a well for oil. At the depth of 600 feet a very hard rock was encountered by the drill, but in passing through this rock several small veins of petroleum have been struck, which overflowed to the surface. The company which is sinking the well expect to find oil sand after they have gotten through the rock, and are confident that after this oil in paying quantities will be found.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

Funds for Miners' Families.

Chicago, Dec. 10.—The Chicago Red Cross society will make a whirlwind forty-eight hours' campaign beginning Monday to raise $5,000 for the destitute relatives of the hundreds of miners killed by the explosion at Monongah, W. Va.

THE DIAMOND CROP.

What Becomes of the Pecks of Gems Turned Out Each Year?

Where do all the crystallized gems go—worth many millions of pounds—which come into the market every year? The diamond is said to be one of the hardest things in nature and is practically impervious to wear and tear. I have an idea, though I am not certain, that an old diamond is every bit as good as a new one, supposing both belong to the same class—that is to say, diamonds do not wear out as trousers or hats wear out.

Then what becomes of the thousands and thousands turned out each year? I know that the financial geniuses who control the diamond output keep the supply down to the actual demand so as not to lower the price, and thus there must be a steady demand for these things to the value of millions a year, and there must be a gradually increasing stock or accumulation of them in rings or tiaras, crowns, scarf-pins and so on.

People do not cover themselves all over with these gems and then jump about in the street to shake them off for the sake of humble friends and poor relations, as was done by the gaudy Duke of Buckingham. A certain number, I know, are stolen every year; but, after all, they are comparatively few, and most of them come back into the market in a very short time.

The man who steals diamonds does not eat them. He disposes of them for the benefit of his humble family, and all he really does (poor, honest and misunderstood fellow) is to put them into circulation. Where do they go?—London M. A. P.

JOSS STICKS.

The Process of Their Preparation Still Practically Unknown.

In all countries where Buddhist worship is celebrated there is a great consumption of "joss sticks." These ceremonial candles are lighted on occasions of festivity or mourning, prayer or thanksgiving to divinities, and the like. Joss sticks are at once candles and incense, since, like the latter, they burn without apparent flame. Their preparation is shrouded in some mystery, and the process is still practically unknown, those who carry it on being chosen from a special class and kept in rigorous seclusion.

A squared strip of bamboo, of varying length and thickness, according to the size of the joss stick that is to be made, is skillfully rolled on an inclined surface in a mixture of odoriferous powders agglutinated by resin, made viscous by slight elevation of temperature. One of the ends is left as it is, to serve as a handle. In some cases the bamboo is replaced with a flexible rod, which enables the joss stick to be rolled in spiral form.

The composition of the odoriferous powders varies with the country. Those used in Indo-China come generally from the province of Canton and include fourteen drugs, among which may be named camphor, sandalwood, aconite and clove. Aconite plays the part of a preservative and protects the joss sticks well against the attacks of rats and mice. — Chicago News.

The Perfect Kiss.

Why osculation has received so little attention from wise men we cannot tell. It may be that thinking and kissing go not well together. If so, few of us would require long time to choose between them, or possibly the subject has seemed to require too delicate handling, or it may have seemed trifling. We neither know nor care. The most valuable practical lesson to be derived from experience and now set down is that closing of the eyes is essential to perfection in kissing. Aside from this hint to those of congenial spirit we would merely direct the attention of those who may decry the importance of the topic to the influence of the charm in retaining hold upon one worth keeping and rendering less frequent and hazardous those absences which are only too likely to make the heart grow fonder—of some one else. — George Harvey in North American Review.

Cedar Shavings For Dogs.

If your dogs are troubled with fleas a very simple way to get rid of the pest is to provide beds of fresh cedar shavings or better, cedar excelsior in the kennels or wherever the dogs sleep. The scent is not at all unpleasant to the dogs, but is abhorrent to the fleas. When a dog rest gets thoroughly scented with cedar do the fleas leave him while he remains there will not molest upon him while he is out in the sand during the day.—Country Life in America.

Where It Hits Him.

"Children cost money." [illegible] it costs him a quarter every time [illegible] goes to church."

"I have never seen him contribute a cent."

"He has to get his trousers pressed."—Harper's Weekly.

He runs heavily who is forced to run.—Italian Proverb.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Speaker Cannon has resumed smoking up at the oil stand.

Will Mr. Roosevelt make this a "personally-conducted" session of Congress?

Prohibition for the District of Columbia is one of the serious questions Congress will have to wrestle with.

Mr. Foraker's latest fire alarm seems to have awakened all the Republicans living in the vicinity of the blaze.

The weather is beginning to make false prophets out of the gentlemen who have been predicting an open winter.

The John D. Rockefeller, Jr., Bible class ought to get out a revised edition of the Scriptures that will please "teacher dear."

"Congressmen all at sea," reports a New York Sun headline. Which may be true; but they are not all on the water wagon.

John Sharp Williams, the Democratic leader in Congress, is a pretty good rider and he doesn't mind if the Democratic donkey does buck a little.

Newspaper editors who have been kicking about the price of white paper must have shuddered when they received the President's message with its five pages.

In spite of Republican assurances that the protective tariff produces prosperity, there is something abroad in the land that acts and feels like business depression.

The Boston Globe prints a long editorial on "The Need of Interior Waterways." There is no getting around the fact that the prohibitionists have made that an important topic.

President Roosevelt tells Congress that "the protective tariff principle" is essential to our welfare. Yet under the highest tariff ever known we are suffering from a Republican panic.

After all this praise is being passed around to the men who aided in checking the panic, it looks as if recognition of some kind is due those patriots who left their money in banks.

The editor of The Congressional Record is in a peculiar position. He can reject no manuscript, however worthless, that come to him through the regular Congressional channels.

A Columbia University professor says that sleep is nothing but a series of accidents. Hereafter when a man is run over by an automobile and his friends ask how he may know that he is only evoluting according to law.

"Some conjecture," says the Philadelphia Ledger, "as to what Congress will do for a living if it keeps on not killing each other." It might go to work for a living, but there are better things than that have been suggested.

MOVING THE BATTLESHIPS.

President Roosevelt by ordering all the appropriation for the purchase of coal for the navy to be expended now, will be able to get the fleet of battleships to the Pacific ocean, but there will be nothing available to buy coal to move the fleet home or elsewhere after it gets there, unless Congress makes an urgent deficiency appropriation. The ordinary appropriation for coal for the fiscal year will thus be expended, and there are still seven months of the fiscal year to run, or to June 30, 1908, without any funds available for that purpose. This has created such friction between the Bureau of Equipment and the Bureau of Supplies that the chief clerk of the Equipment Bureau has been relieved at his own request from the responsibility of handling coal and transportation contracts, and Commander Davis has been appointed assistant chief of the bureau with general charge of coal purchases. It would seem, therefore, that Commander Davis will "do things," law or no law, and is a man after the President's own heart. The President is commander-in-chief of the navy, but he has to rely on Congress, which holds the nation's purse, to furnish the cash to build, equip and move the battleships. Many people and some Congressmen object to the plan of President Roosevelt in ordering all the battleships to the Pacific, and think it is a waste of money to do so, if not intended as a threat and menace to Japan with whom profound peace prevails. It is such eratic moves that causes thinking people to have little confidence in President Roosevelt, and perhaps even a subservient Republican Congress will hold him in check by refusing an extra appropriation for what most people believe to be a very questionable matter of policy, without any compensating advantage.

Farmers from every section of Florida having expressed the desire to exhibit the products of their farms collectively at the coming State Fair to be held at Tampa from February 5 to 23, President T. J. L. Brown and the Board of Directors of the Fair Association have determined to offer special inducements for exhibits from individual farms, thereby giving the thousands of visitors from other States an opportunity of seeing just what one plot of Florida ground is capable of producing. It is expected that not less than fifty farms will be represented, about that number of letters having been received on the subject. At former Florida fairs only one premium has been offered for the largest and best collective exhibit from one farm, this amounting to $100. At the coming fair, however, three premiums will be offered, as follows: First, $250; second, $100; third, $50. These premiums will give each exhibitor an opportunity of making more than the expense incurred in exhibiting, particularly as the products displayed can be sold at a profit without difficulty. In addition, the products will be entered for the large premiums given for individual products displayed in county exhibits. No equal offer has ever been made to the progressive planter at any State fair.

Next time you are expected publicly to pay homage to the "Star Spangled Banner" you might ask your Republican neighbor, especially if he is a patriot with the Roosevelt brand, to petition "the Strenuous One" to revise that immortal song where it says:

"And this be our motto.
"In God is Our Trust."

They may ring in a pinochle deck on Speaker Cannon during a poker game but when Congress is in session he is the one generally accused of stacking the cards.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. CHENEY & CO., Toledo, O.

Take Hall's Family Pills for constipation.

SERMONETTES

BY J. MARVIN NICHOLS

Only the genius is imitated. Everything has its use. Even the man who can only "monkey" with the genius is a patent evidence of some existing genius. After all, the genius raises the query if the most of us are not just mere monkeys.

Hell is where hope is not. Hell is hopelessness—that's the best definition I know. If you contribute to make life hopeless in any human breast you create its hell. And if there be a depth in some future inferno, unexplored by Dante's wildest dreams, you'll find it.

Did you ever read the beautiful story, "The Summons of the Picture?" Captain Faversham, of the Indian Secret Service, quarreled with the idol of his heart. Now it was a great gulf—and all because of words whose healing would have been had they wandered out into the starlight as they did when they were young. What a pity they did not. And now that wanderings might hide these sweeter memories, Faversham finds himself in a Russian prison, caught and condemned as a spy. At dawn he must die—and he looks at the picture in a book. From one comes the call and he plans the successful flight. When nearing the borders whence he fled he awakes to find an injured heart keeping the silent vigil of a waiting hope. How sad—he had not known it hitherto. There would have been no tears and sighs—no wanderings far from home. For his wife had painted that very picture and in far-off Siberia it called her lover back to her frail heart. "In the foreground was the cliff at Land's End, and beyond it the limitless ocean (they spent their honeymoon at St. Ives.) Seated upon a tuft of heather at the edge of the cliff were a woman and a beautiful child. The little girl's head against its mother's shoulder—both were looking dreamily out to sea. The woman's face was that of his wife—her name was signed to the painting. And the child's resemblance to her was startling in its perfection. On a tablet fixed to the lower edge of the frame was the title—a single word, 'Waiting.'"

Early to Bed

And early to rise, makes one healthy, happy and wise—especially if you atke Herbine before retiring. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. S——, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so pleased with the relief it gives in constipation and all liver complaints that words can't express my appreciation." Sold by W. M. Johnson.

HEADACHE

"My father had been a sufferer from sick headache for the last twenty-five years and never found any relief until he began using your Cascarets. Since he has begun taking Cascarets he has never had the headache. They have entirely cured him. Cascarets do what you recommend them to do. I will give you the privilege of using his name." E. M. Dickson, Ex-Register, W. Indianapolis, Ind.

NEWS OF CITY AND COUNTY CONDENSED

Black record carbon typewriter ribbons for legal work for sale at The Sun office.

The Baird Hardware Company have an advertisement in this issue in which they are advertising oil heaters and oil cooking stoves for light housekeeping, from $3.50 to $12. This enterprising firm also carries a full line of the great quick meal gasoline ranges, which will be sold at all prices.

E. Paul Brown, one of the efficient clerks in the United States land office, has returned from Tallahassee and Jacksonville, where he has been in attendance at the United States court in charge of the records. Captain A. Paul, special agent, proceeded from Tallahassee to Montgomery, Ala., where he is now attending the United States court.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung troubles. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiate or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McCollum & Co.

Florida State Teachers' Association, 1907-1908, will meet at St. Petersburg, Florida. Tickets will be on sale at all Atlantic Coast Line ticket offices in Florida December 29th and 30th, with return limit up to January 3rd, inclusive. A rare chance to see Tropical Southern West Coast at the beginning of the winter tourist season. Rates will be one fare plus twenty-five cents for the round trip. Double daily service Pullman cars on day trains and Pullman sleepers on night trains. For further information, or if you are going to travel anywhere, write to or call on A. W. Fritot, Division Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

A. C. L. IN HARD LUCK.

Wrecks Are Numerous, and Causes Great Inconvenience in Schedule.

It seems that the Atlantic Coast Line has been "up to its neck" in trouble within the past few days, to use the expression. The road has experienced all kinds of trouble in the matter of wrecks, but unfortunately no one has been seriously hurt, as far as the report goes.

Saturday afternoon there was a collision between a light engine and the Citra train at a point near Kelley's mill, Prairie Creek. Tuesday there was another accident at the same place, this time being the derailment of a freight train, when a number of cars were overturned and the track blocked, which delayed traffic for several hours. It is supposed that this accident was caused by spreading of the rails, which had just been relaid on account of the collision.

On Monday night the north-bound night train from St. Petersburg had an accident at Center Hill, which blocked the track, with the result that all trains were operated via Newberry and the J. & S.-W. division Tuesday, the service between High Springs and Rochelle being performed by a special engine and coach.

The Citra train, as an extra, doubled back to Burnett's Lake and Jacksonville Tuesday, passing here about 7:30 o'clock.

Compliment to Miss Cheves.

Quite a compliment has been bestowed upon Miss Edna Cheves, this young lady having been awarded on Saturday night a handsome gold watch by the tent show as being the most popular young lady in this city.

The contest was awarded by votes, and Miss Cheves received about 4,000 votes above any other competitor for this honor. She desires through The Sun to express her appreciation to her numerous friends for their interest manifested in her behalf.

Your Hot Pipes

WHEN the heater man put hot pipes through the house in place of stoves he thought it was something new. But nature put hot pipes all through our bodies to keep us warm long, long ago.

Scott's Emulsion

sends heat and rich nourishment through the blood all over the body. It does its work through the blood. It gives vigor to the tissues and is a powerful flesh-producer.

All Druggists; 50c. and $1.00.

SUNNY FLORIDA THE PLACE.

Former Rocky Point Lady Says It Was Cold in National Capital.

Mrs. G. A. Porter, for a long time a resident of Rocky Point, but who is now in Washington, writes The Sun, renewing her subscription, as follows:

"You cannot imagine how much we miss your paper. We would be lost without the bright rays of The Sun to enlighten our home.

"We had a liberal fall of snow here on the 3rd and 4th inst., and it is very cold now (December 5). It makes one feel like wanting to be in the 'Land of Sunshine and Flowers.'

"All our family are well, and we often think of our Florida friends and wish to be with them."

Mrs. Porter will be remembered very kindly here, and her friends will be glad to learn also that she remembers them.

When to Go Home.

From The Bluffton (Ind.) Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

Expect to Find Oil.

Selma, Ala., Dec. 10.—Most favorable indications of oil have been found in Wilcox county, near McWilliams, where a company is sinking a well for oil. At the depth of 600 feet a very hard rock was encountered by the drill, but in passing through this rock several small veins of petroleum have been struck, which overflowed to the surface. The company which is sinking the well expect to find oil sand after they have gotten through the rock, and are confident that after this oil in paying quantities will be found.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

Funds for Miners' Families.

Chicago, Dec. 10.—The Chicago Red Cross society will make a whirlwind forty-eight hours' campaign beginning Monday to raise $5,000 for the destitute relatives of the hundreds of miners killed by the explosion at Monongah, W. Va.

THE DIAMOND CROP.

What Becomes of the Pecks of Gems Turned Out Each Year?

Where do all the crystallized gems go—worth many millions of pounds—which come into the market every year? The diamond is said to be one of the hardest things in nature and is practically impervious to wear and tear. I have an idea, though I am not certain, that an old diamond is every bit as good as a new one, supposing both belong to the same class—that is to say, diamonds do not wear out as trousers or hats wear out.

Then what becomes of the thousands and thousands turned out each year? I know that the financial geniuses who control the diamond output keep the supply down to the actual demand so as not to lower the price, and thus there must be a steady demand for these things to the value of millions a year, and there must be a gradually increasing stock or accumulation of them in rings or tiaras, crowns, scarfpins and so on.

People do not cover themselves all over with these gems and then jump about in the street to shake them off for the sake of humble friends and poor relations, as was done by the gaudy Duke of Buckingham. A certain number, I know, are stolen every year; but, after all, they are comparatively few, and most of them come back into the market in a very short time.

The man who steals diamonds does not eat them. He disposes of them for the benefit of his humble family, and all he really does (poor, honest and misunderstood fellow) is to put them into circulation. Where do they go?—London M. A. P.

JOSS STICKS.

The Process of Their Preparation Still Practically Unknown.

In all countries where Buddhist worship is celebrated there is a great consumption of "joss sticks." These ceremonial candles are lighted on occasions of festivity or mourning, prayer or thanksgiving to divinities, and the like. Joss sticks are at once candles and incense, since, like the latter, they burn without apparent flame. Their preparation is shrouded in some mystery, and the process is still practically unknown, those who carry it on being chosen from a special class and kept in rigorous seclusion.

A squared strip of bamboo, of varying length and thickness, according to the size of the joss stick that is to be made, is skillfully rolled on an inclined surface in a mixture of odoriferous powders agglutinated by resin, made viscous by slight elevation of temperature. One of the ends is left as it is, to serve as a handle. In some cases the bamboo is replaced with a flexible rod, which enables the joss stick to be rolled in spiral form.

The composition of the odoriferous powders varies with the country. Those used in Indo-China come generally from the province of Canton and include fourteen drugs, among which may be named camphor, sandalwood, aconite and clove. Aconite plays the part of a preservative and protects the joss sticks well against the attacks of rats and mice. — Chicago News.

The Perfect Kiss.

Why osculation has received so little attention from wise men we cannot tell. It may be that thinking and kissing go not well together. If so, few of us would require long time to choose between them, or possibly the subject has seemed to require too delicate handling, or it may have seemed trifling. We neither know nor care. The most valuable practical lesson to be derived from experience and now set down is that closing of the eyes is essential to perfection in kissing. Aside from this hint to those of congenial spirit we would merely direct the attention of those who may decry the importance of the topic to the influence of the charm in retaining hold upon one worth keeping and rendering less frequent and hazardous those absences which are only too likely to make the heart grow fonder—of some one else. — George Harvey in North American Review.

Cedar Shavings For Dogs.

If your dogs are troubled with fleas a very simple way to get rid of the pest is to provide beds of fresh cedar shavings or better, cedar excelsior in the kennels or wherever the dogs sleep. The scent is not at all unpleasant to the dogs, but is abhorrent to the fleas. When a dog's coat gets thoroughly scented with cedar the fleas leave him while new ones [illegible]. They will not live upon him, but [illegible] sand during the day.—Country Life In America.

[illegible] It Hits Him.

"[illegible] it costs him a quarter every [illegible] he goes to church."

"I have never seen him contribute a cent."

"He [illegible] his trousers pressed."—Harper's Weekly.

He runs heavily who is forced to run.—Danish Proverb.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Speaker Cannon has resumed smoking up at the oil stand.

Will Mr. Roosevelt make this a "personally-conducted" session of Congress?

Prohibition for the District of Columbia is one of the serious questions Congress will have to wrestle with.

Mr. Foraker's latest fire alarm seems to have awakened all the Republicans living in the vicinity of the blaze.

The weather is beginning to make false prophets out of the gentlemen who have been predicting an open winter.

The John D. Rockefeller, Jr., Bible class ought to get out a revised edition of the Scriptures that will please "teacher dear."

"Congressmen all at sea," reports a New York Sun headline. Which may be true; but they are not all on the water wagon.

John Sharp Williams, the Democratic leader in Congress, is a pretty good rider and he doesn't mind if the Democratic donkey goes buck a little.

Newspaper editors who have been kicking about the price of white paper must have shuddered when they received the President's message with its five pages.

In spite of Republican assurances that the protective tariff produces prosperity, there is something abroad in the land that acts and feels like business depression.

The Boston Globe prints a long editorial on "The Need of Interior Waterways." There is no getting around the fact that the prohibitionists have made that an important topic.

President Roosevelt tells Congress that "the protective tariff principle" is essential to our welfare. Yet under the highest tariff ever known we are suffering from a Republican panic.

While all this praise is being passed around to the men who aided in checking the panic, it looks as if recognition of some kind is due those patriots who left their money in banks.

Editor of The Congressional Record is in a peculiar position. He can reject no manuscript, however worthless, that comes to his desk through the regular Congressional channels.

A University professor says there is nothing but a series of accidents. Hereafter when a man is run over by an automobile and killed he may know that he was accidenting according to schedule.

"It is a matter of conjecture," says the Philadelphia Ledger, "as to what Mr. Bryan will do for a living if he succeeds in killing each other." Why not go to work for a living? There are worse things than that have been done.

MOVING THE BATTLESHIPS.

President Roosevelt by ordering all the appropriation for the purchase of coal for the navy to be expended now, will be able to get the fleet of battleships to the Pacific ocean, but there will be nothing available to buy coal to move the fleet home or elsewhere after it gets there, unless Congress makes an urgent deficiency appropriation. The ordinary appropriation for coal for the fiscal year will thus be expended, and there are still seven months of the fiscal year to run, or to June 30, 1908, without any funds available for that purpose. This has created such friction between the Bureau of Equipment and the Bureau of Supplies that the chief clerk of the Equipment Bureau has been relieved at his own request from the responsibility of handling coal and transportation contracts, and Commander Davis has been appointed assistant chief of the bureau with general charge of coal purchases. It would seem, therefore, that Commander Davis will "do things," law or no law, and is a man after the President's own heart. The President is commander-in-chief of the navy, but he has to rely on Congress, which holds the nation's purse, to furnish the cash to build, equip and move the battleships. Many people and some Congressmen object to the plan of President Roosevelt in ordering all the battleships to the Pacific, and think it is a waste of money to do so, if not intended as a threat and menace to Japan with whom profound peace prevails. It is such eratic moves that causes thinking people to have little confidence in President Roosevelt, and perhaps even a subservient Republican Congress will hold him in check by refusing an extra appropriation for what most people believe to be a very questionable matter of policy, without any compensating advantage.

Farmers from every section of Florida having expressed the desire to exhibit the products of their farms collectively at the coming State Fair to be held at Tampa from February 5 to 23, President T. J. L. Brown and the Board of Directors of the Fair Association have determined to offer special inducements for exhibits from individual farms, thereby giving the thousands of visitors from other States an opportunity of seeing just what one plot of Florida ground is capable of producing. It is expected that not less than fifty farms will be represented, about that number of letters having been received on the subject. At former Florida fairs only one premium has been offered for the largest and best collective exhibit from one farm, this amounting to $100. At the coming fair, however, three premiums will be offered, as follows: First, $250; second, $100; third, $50. These premiums will give each exhibitor an opportunity of making more than the expense incurred in exhibiting, particularly as the products displayed can be sold at a profit without difficulty. In addition, the products will be entered for the large premiums given for individual products displayed in county exhibits. No equal offer has ever been made to the progressive planter at any State fair.

Next time you are expected publicly to pay homage to the "Star Spangled Banner" you might ask your Republican neighbor, especially if he is a patriot with the Roosevelt brand, to petition "the Strenuous One" to revise that immortal song where it says:

"And this be our motto
"In God is Our Trust."

They may ring in a pinochle deck on Speaker Cannon during a poker game but when Congress is in session he is the one generally accused of stacking the cards.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. SERMONETTES

BY J. MARVIN NICHOLS

Only the genius is imitated. Everything has its use. Even the man who can only "monkey" with the genius is a patent evidence of some existing genius. After all, the genius raises the query if the most of us are not just mere monkeys.

Hell is where hope is not. Hell is hopelessness—that's the best definition I know. If you contribute to make life hopeless in any human breast you create its hell. And if there be a depth in some future inferno, unexplored by Dante's wildest dreams, you'll find it.

Did you ever read the beautiful story, "The Summons of the Picture?" Captain Faversham, of the Indian Secret Service, quarreled with the idol of his heart. Now it was a great gulf—and all because of words whose healing would have been had they wandered out into the starlight as they did when they were young. What a pity they did not. And now that wanderings might hide these sweeter memories, Faversham finds himself in a Russian prison, caught and condemned as a spy. At dawn he must die—and he looks at the picture in a book. From one comes the call and he plans the successful flight. When nearing the borders whence he fled he awakes to find an injured heart keeping the silent vigil of a waiting hope. How sad—he had not known it hitherto. There would have been no tears and sighs—no wanderings far from home. For his wife had painted that very picture and in far-off Siberia it called her lover back to her frail heart. "In the foreground was the cliff at Land's End, and beyond it the limitless ocean (they spent their honeymoon at St. Ives.) Seated upon a tuft of heather at the edge of the cliff were a woman and a beautiful child. The little girl's head against its mother's shoulder—both were looking dreamily out to sea. The woman's face was that of his wife—her name was signed to the painting. And the child's resemblance to her was startling in its perfection. On a tablet fixed to the lower edge of the frame was the title—a single word, 'Waiting.'"

Early to Bed

And early to rise, makes one healthy, happy and wise—especially if you atke Herbine before retiring. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. S——, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so pleased with the relief it gives in constipation and all liver complaints that words can't express my appreciation." Sold by W. M. Johnson.

"JUST FROM GEORGIA"

F. L. S. in Atlanta Constitution.

Weather Song.

I.

"In the bloomin' weather"—
That's the way to write it;
But when a blizzard's blowin',
What's the use to fight it?
"Better luck another day,"—
Jest keep whistlin' on the way!

II.

"In the blossomin' weather,"—
Let the weather go!
Frosty vales, or lilies—
Good Lord made 'em so!
In this world not long to stay—
Jest keep whistlin' on the way!

His Mind at Ease.

"I hear they've been having stormy times at sea. Didn't your old woman leave for home by steamer?"

"She sure did."

"And—ain't you worried?"

"Not a bit. She's been in seven railroad wrecks, two cyclones and an earthquake, and it's my opinion that there ain't a sea the Lord ever made can swaller her!"

"Rushing Trade."

Here is a grim item from The Billville Banner:

"Last year there was a rushing holiday trade. The local undertakers were kept busy, and had to take a week's vacation to rest up."

Now, Then!

Reason Job wuz patient—
Bet your half a dollar—
He knowed de devil had him
An' twuz no use ter holler.

Hard to Down.

"Our preacher succeeded in running the devil out of this town," says a rural exchange, "but rumor says he is cutting up his capers in the next settlement. Seems like there's no getting around him!"

"The world's in the swim," says a weekly exchange. Don't get too previous. Wait until January 1.

His Christmas Fun.

This is a Georgia youngster's idea of a "high old time" Christmas:

"I hope I'll have a fine time this comin' Chris'mus. Last Chris'mus I broke one leg, Johnny broke two, an' Pa got dead broke all over!"

His Awful Predicament.

"Dey tells me Br'er Williams is 'twixt de devil an' de deep sea?"

"Too bad!"

"It sho' is; fer, ter my sartin' knowledge, he can't fight fire, an' he never did larn ter swim."

Word from Bre'er Williams.

"Dar sho' is enough charity in dis worl' ter kiver a multitude er sinners, but ter do 'um any good in de next worl' de kiverin' should be fireproof!"

An Invitation.

Come 'long, Bre'er Chrismus,
With all yo' weather col',
An' fetch ter me a sarchin dram
Ter warm my freezin' soul!

How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diptheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessons the danger of diphtheria or any other germ disease being contracted. For sale by all druggists.

Fate by Shot by Sweetheart.

Birmingham, Ala., Dec. 10.—Chas. Randle was [illegible] in the stomach at Ellis Park Sunday by Miss Ida May Brown, [illegible] of Wilson Brown. According to her statement, he had broken his promise to ammry her, whereupon she went to another part of the house, secured a pistol, returned and opened fire upon him.

Danger in Asking Advice.

When you have a cough or cold do not ask someone what is good for it, as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

The Pen is Mightier

Than a fire-engine when your house is on fire, because it instantly secures the entire value of your home—that is, when your name is penned upon a strong policy for

WANT HIM FOR THIRD TERM.

For "Roosevelt" is the Slogan of the Southern Republicans.

Washington, D. C., Dec. 9.—A solid south in the republican national convention next year, with the delegates pledged to Roosevelt—that is the program mapped out by the southern members of the republican national committee, which met in Washington on Friday.

It is declared that thirteen votes from as many states in the south and southwest are now pledged to Roosevelt in the committee. Among this number is Judson W. Lyons, the Georgia negro who was formerly registrar of the treasury, but who was ousted by the president. His change of faith is considered significant.

The enthusiasm of the national committeemen in the third term idea was not dampened by the positive announcement made by President Roosevelt that he would not be a candidate.

This statement was made to Samuel Watts, of Lewiston, Pa., a prominent Pennsylvania banker.

The president declared he would not serve beyond his present term, and that some one else must carry on the work. The principal Roosevelt opponents in the south are said to be John W. Yerkes, of Kentucky, formerly commissioner of internal revenue, and Walter M. Brownlow, of Tennessee, representative in congress.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

CRACHED INTO COAL CARS.

Fast Passenger Train on the L. & N. Is Wrecked.

Montgomery, Ala., Dec. 10.—Thrown from the main line by a half closed switch, the fast passenger train of the Louisville and Nashville railroad was wrecked at 11 o'clock Sunday morning in the Montgomery yards of the road.

The monster engine dashed into a train of heavily loaded coal cars that were standing on a siding, and was turned completely over, burying Fireman Tom Loving, a negro, beneath the wreckage, so injuring him that he will die. The engineer escaped unhurt. Three mail clerks were tossed about in their car, and their faces were cut almost beyond recognition. Not a passenger was hurt.

The train was going at a speed of about 25 miles an hour when the accident occurred. That no one was killed outright is a miracle.

Public Speaker Interrupted.

Public speakers are frequently interrupted by people coughing. This would not happen if Foley's Honey and Tar were taken, as it cures coughs and colds and prevents pneumonia and consumption. The genuine contains no opiates and is in a yellow package. J. W. McCollum & Co.

The Burning of Green Wood.

Every one who enjoys sitting by a wood fire must have observed how the wood sputters and hisses and frequently gives off little jets of flames and how the pieces crackle and fly off at a considerable distance. This is caused by the water in the wood, which, confined in the cells, becomes heated and generates steam. It is a curious fact that intense heat and intense cold produce fractures in various substances. In the most extreme cold weather it is not uncommon, especially if the cold has come on suddenly, to find trees that are split from the ground to the top by the action of frost. Freezing expands the water in the cells of the wood, and so suddenly is this done that the trees burst as would a pitcher or mug in which water was confined.

NEW YORK'S "BLUE SUNDAY."

350,000 People Deprived of Their Accustomed Forms of Amusement.

New York, Dec. 10.—New York's "blue Sunday" will be remembered for a long time. For the first time in the history of the city, 350,000 people who usually attend some form of amusement on that day were forced to amuse themselves by walking on the streets or in the parks.

There was not a theater, not a concert hall, dance hall, or lecture hall open in the city, and 400 penny and nickel arcades that usually do an enormous business on Sunday were closed. Even the donkeys that carry children on their backs for a small fee in Central park rested.

It is estimated that actors, musicians, and employees of the various entertainments that are usually open on Sundays lost $75,000 and the total estimated loss to the amusements in the city of New York is placed at $150,000. The board of aldermen will meet and remove the cause of the difficulty insofar as it is possible for them to do so. It is thought the conditions next Sunday will be considerably improved in the viewpoint of the amusement seeker.

TO INVESTIGATE MURDER.

Fulton County Grand Jury in Special Session on Manier Killing.

Atlanta, Dec. 10.—At a special call from Solicitor Hill the grand jury met Monday morning to investigate the murder of Patrolman Manier, which occurred on Friday afternoon on Peters street. It is thought a true bill will be returned.

As the criminal division of the superior court convenes under Judge Ryan, if an indictment is made against Andrew Johnson, the negro who killed the officer, a swift trial will be had this week. In case the jury brings in a verdict of guilty, which it in all probability will, the date for hanging, according to the general opinion, will be set for twenty days after the trial. This time could be within this month, but that all depends upon the manner in which the matter is to be handled.

ENGINEER DEAD AT THROTTLE.

Freight Plunged into Rear End of Another Freight.

Allentown, Pa., Dec. 10.—Under conditions which seem to indicate that he was dead at the throttle, Calvin Frederick, an engineer on the Lehigh Valley railroad, Sunday, ran his locomotive past a danger signal near Fairyville, and caused a wreck in which Richard Miller and Cyrus Young, firemen, were dangerously injured.

Frederick was engineer on a westbound freight train which crashed into the rear end of another freight.

After the wreck the engineer was found with his hand on the throttle of his engine. The body was in a position that Frederick could not have left it. Fireman Miller and Young will recover.

Christmas and New Year Holiday Rates.

The Atlantic Coast Line will sell tickets from all points in Florida December 20th to 25th, inclusive, and December 30th, 31st and January 1st with final limit returning January 6th, at one and one-third fare for the round trip, twenty-five cents for the round trip minimum.

Ask your nearest railroad agent for rates to any point south of the Ohio river and east of the Mississippi river, or write to A. W. Fritot, Division Passenger Agent, Jacksonville.

Penny Tax on Lockers.

Pensacola, Dec. 9.—A penny tax on lockers in the city has been levied by the city council, which will bring in a revenue of $700 a year. The ordinance was passed by a vote of 5 to 3, and makes it necessary for all persons who have lockers in the city to pay a penny a day for the use of them. The ordinance will be enforced by the police, and it is thought the tax will bring in the revenue desired.

Made Happy by Chamberlain's Cough Remedy.

Many months ago our baby girl took a cold which settled on her lungs, and at last resulted in a severe case of bronchitis. We had two doctors, but no relief was obtained. We thought she would die. I went to different stores to find some remedy which had been recommended to me and failed to get it. One of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is now entirely well today.—Geo. W. Spencer, Holly Springs, N. C. For sale by all druggists.

Straight Talks on Patent Medicines

The "Rexall" Remedies are successful and this is why.

They were placed on the market three years ago. They have scored already the record of the greatest success ever known in the history of the drug business.

"Come and go" popularity may arise from any number of causes (hullabaloo advertising among them) and may or may not be founded on real worthiness. But the man, the plan, the idea, or the article that truly *succeeds*, does so because he or it *deserves* to succeed, and for no other reason.

The success of the "Rexall" Remedies is therefore the first evidence of their real *merit*. They sell because they *cure*, and they cure because each one of them is the best remedy known to medical science for the particular ailment it is made to relieve.

There are nearly 200 remedies sold under the "Rexall" name, each for one disease or one purpose. Each of these has been selected by a committee of experts from among *all other remedies of its class*, for manufacture and sale by The United Drug Company, a co-operative association of leading American druggists.

Wherever you see the name "Rexall," you may know that it stands for a formula scientifically correct and proved efficient in actual, long extended practice. We know these formulas and are glad to answer all inquiries regarding them, giving full information as to the ingredients.

Here are three famous members of the "Rexall" family:

FOR CATARRH—MUCU-TONE

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara Sagrada, Glycerine, and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefit almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations.

Cascara Sagrada is especially introduced for its necessary laxative properties.

The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Bottle, 50c.

REXALL DYSPEPSIA TABLETS

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well known properties of Bismuth Subnitrate and Pepsin have been combined with carminatives and other agents.

Bismuth Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion or chronic dyspepsia.

The pepsin used is manufactured under a new process which develops its greatest efficiency. Pepsin not only supplies to the digestive machinery one of the most important elements of the digestive fluid, but it seems to exert a tonic influence upon all the glands which supply all the other elements.

The carminitives add properties which promptly relieve pains caused by undigested food.

The combination of the whole makes a remedy absolutely invaluable to any man or woman suffering from Dyspepsia—and not only a remedy but a *cure* which works gradually rebuilding and stimulating the glands which perform the digestive functions. Package, 25c.

FOR NERVES—AMERICANITIS ELIXIR

The Rexall Americanitis Elixir is a tonic nerve food composed chiefly of Free Phosphorus, Glycophosphates, Iron Pyrophosphate and Calisaya.

The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them. It is the only known preparation in which free Phosphorus—that is, Phosphorus which remains indefinitely unoxidized—is used.

The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to the field of this branch of medicine and unquestionably a more efficient remedy than the well-known Hypophosphites.

The Iron Pyrophosphates is the most easily assimilated form of iron which gives tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body.

In compounding these various elements, the very highest degree of pharmaceutical skill has been employed. 75c. and $1.50 a bottle.

This "Rexall" Guarantee Appears on each package:
"This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you and we want you to have it."

J. W. McCOLLUM & CO., Druggists

The Rexall Store

Bond Issue of $[illegible].

Albany, Ga., Dec. 10.—The city council has decided to call a special election for a bond issue of $[illegible] for the purpose of [illegible] the city. The election will be held [illegible] 19th and the bonds will run for [illegible] years.

Date of [illegible].

Kansas City, Dec. 10.—Kansas City has practically decided to hold the Democratic national convention in 1908. The Kansas City Board of Trade has appointed a committee to confer with the Democratic national committee and the Democratic state committee, and to secure the convention for Kansas City. The Commercial Club will be asked to co-operate with the Board of Trade. Kansas City has the Convention Hall, which will seat 15,000 people, and the Coliseum, which will seat 10,000 people. The Democratic national committee will meet in Washington, D. C., December 16th, and will probably decide on the city in which the convention will be held.

Medical Men to Meet.

The National Legislative Council of the American Medical Association will meet in Chicago, Dec. 10 to 12 inclusive.

We have lots of bananas left from the carload which we recently received, and are offering the same at greatly reduced prices. We must get rid of them. Bananas on sale at all three of our places: opera house block, next to Johnson's drug store, and opposite First National Bank of Gainesville. George & Francisco.

What do they have at the Women's relief bazar? Why most anything you ask for. They run a regular restaurant, as good as the best, and besides they have fruits, cakes and candies, pickles and pies. Then they have all sorts of useful things for the house, fancy work for Xmas, baby caps and gowns and children, too. Look into the opera house about 2 p. m. on Thursday and see for yourself.

CONTINENTAL

RESTAURANT
